

Dear [REDACTED],

Thank you so much for the lovely pen and notepad set. That was so nice of you (and your mom) to think of me. I have them on my desk at home to write down all of the things I need to do for Mrs. Ingram. I am so excited to be teaching in your class. I think you are a sweet and very smart young man. And, I look forward to getting to know you better. Again, thank you and let your mom know that I appreciate her as well.

With kind regards,

*Mrs. Crisler*

Dear [REDACTED],

Thank you so much for the fresh vegetables. They were delicious. I added the cucumber to a salad, and I sliced up the pepper for a homemade pizza topping. Mr. Crisler really liked that. I am so impressed that you helped grow those vegetables. That was so nice of you (and your mom) to think of me. I am also so excited to be teaching in your class. I think you are a sweet and very smart young man. And, I look forward to getting to know you better. Again, thank you and let your mom know that I appreciate her as well.

With kind regards,

*Mrs. Crisler*
